——Richmond & Danville stocks down to 74.

——It is understood that Thos. H. Hughes is not a candidate for the State Senate.

——Alexander H. Stephens has been elected Governor of Georgia by a majority somewhere in the neighborhood of 70,000.

——Let the slander case which has been compromised in our Superior Court be a warning to the young men of the State. Handle the character of woman cautiously.

——Good news for the Democrats is coming in from all parts of the State and County. The nearer the election approaches the more hopeful we are of Democratic victories all along the lines.

——Julian S. Carr, Esq, of Durham, was in town, Monday. We are glad to learn through our exchanges that he has recovered the diamond cravat pin which was stolen from him at the Yorktown celebration last year.

——We have cheering news from Ohio. The election was held in that State, Tuesday, and it is claimed that the Democrats have carried the State by 9,000 majority. West Virginia voted the same day. This State gives its usual Democratic majority and elects three Democratic Congressmen. Glorious! North Carolinians, keep your eyes open.

SUPERIOR COURT.

A recess was taken from Friday afternoon until Monday morning. On Monday, Mr. A. W. Graham of counsel for plaintiff, announced that in case No. 9 on the docket, of Mary B. Holt *vs.* A. J. Roberts, a compromise had been agreed upon. By instructions from Judge Shipp the Clerk of the Court entered as the proceedings of the Court the following:

Mary B. Holt *vs.* A. J. Roberts. Slander. Andrew J. Roberts defendant in the above entitled case withdraws his answer heretofore filed, and consents that the plaintiff may have judgment against him for the sum of fifteen hundred dollars. Whereupon, by consent, it is ordered and adjudged that the plaintiff recover judgment against the defendant for fifteen hundred dollars ($1,500) and costs to be taxed by the Clerk.

State *vs.* F. W. Roberts. Slander. In this case the appeal heretofore taken to the Supreme Court is withdrawn by the defendant, and prayer for judgment is likewise withdrawn. Judgment suspended upon payment of costs.

A. J. Roberts comes into court and confesses judgment in the sum of fifteen hundred dollars to be discharged upon the payment of the costs incurred in this indictment.

Our readers will remember that in the case first named above, the plaintiff entered suit against the defendant for slander, and placed her damages at $10,000. In the case last named Frank W. Roberts was being prosecuted by the State and Miss Holt in a criminal action for slander. Roberts was found guilty at the Spring Term of the Court and sentenced to imprisonment for two years in the County jail. An appeal was granted.

The good people of Durham and Orange Counties rejoice that these cases have been settled.

James M. Cheek *vs.* John H. Watson. Removed to Durham.

Samuel K. Woods *vs.* Lucy A. McKee and others. In this case the plaintiff brought suit against the defendants for damages for detention of his wife. The jury found in favor of plaintiff and assessed his damages at $1,000.

Other important cases will be reported next week.

—Ask your Radical friends if they have heard the news from Ohio?

We know from experience St. Jacobs Oil will cure rheumatism.—*Peoria (Ill.) Peorian.*

IN THE SLEEPING CAR FROM CHICAGO.

A lady sat with her only child;
The poor little fellow was almost wild.
He was making a noise like a circus band,
For a horrible felon was on his hand.
A quiet old man remarked to the mother,
"I think we can stop this pain and bother.
I've a bottle of PAIN KILLER here,' said he,
"And I think it will cure him; let us see."
He poured some drops on a moistened rag,
And wrapped the felon, as if in a bag,
And soon the suffering child was calm
As the voice of a summer evening psalm.

MEBANESVILLE ITEMS.

MEBANESVILLE, N. C., Oct. 9.

Mr. Editor: Our little town is booming. Tate & Trolinger's store house is about completed, and the senior, Mr. Tate, left for the Northern markets last week to purchase a stock of goods.

Thompson & Wright's store house will be completed next week, when Mr. Thompson will go North after goods.

Mr. J. F. Trolinger is having a nice little house built for his cousin, Miss Lizzie Bason, who will move to Mebanesville in about two weeks.

Mr. J. L. Tate, of the firm of Tate & Trolinger, has moved from Orange to our little town, and occupies the residence of Rev. Mr. Morrow, who is in Tennessee, Mrs. Morrow being with her mother near Oaks.

The steam mill owned by Trolinger & Tate is getting more wheat and old and new corn to grind than it can turn off by working day and night.

Rev. Mr. Watson, of Lexington, N. C., is carrying on a revival at old Hawfields. He is being assisted by Messrs. Summey, of Granville, and Allison, of this place. Mr. Watson had a large congregation who listened to a fine sermon last Sunday. The Session has called a meeting of the congregation next Sunday for the purpose of calling a pastor. The young gentlemen are anxious that Mr. Watson should receive the call. (He has three pretty daughters.)

Tate & Co. have an agency here for the sale of cigars and tobacco.

James Edwin Scott ships from 50 to 150 boxes of tobacco weekly. He is working about 35 hands in his plug works.

Your correspondent could tell of numerous other improvements to be made soon, but will wait and give them later. S.

The Richmond (Va.) *State* writes: Ex Mayor J. A. Gentry, Manchester, this State, was cured of rheumatism by St. Jacobs Oil.

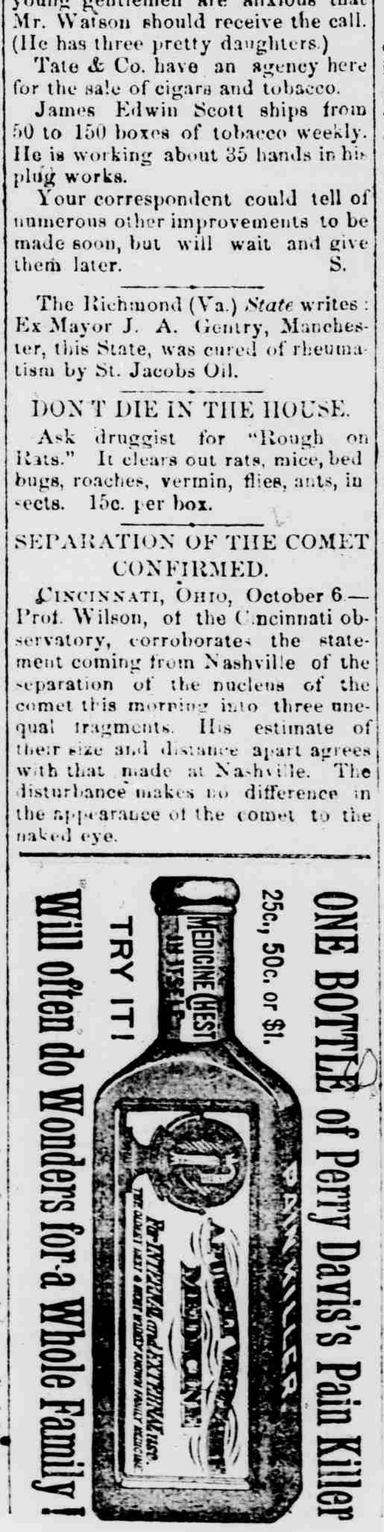
SEPARATION OF THE COMET CONFIRMED.

CINCINNATI, OHIO, October 6.—Prof. Wilson, of the Cincinnati observatory, corroborates the statement coming from Nashville of the separation of the nucleus of the comet this morning into three unequal fragments. His estimate of their size and distance apart agrees with that made at Nashville. The disturbance makes no difference in the appearance of the comet to the naked eye.



STATE NEWS.

State Fair at Raleigh next week. Excursion trains and cheap fare on the railroad.

The Farmer and Mechanic estimates the value of the tobacco crop of North Carolina at $6,000,000.

Wilmington Star: There are 182 students at the University, 138 at Wake Forest, 100 at Davidson, and the number at Trinity we have not seen stated.

The jail at Nashville, N. C., was burned last Monday night. Jerry Cox, col., confined in the jail waiting to be hung, is supposed to have fired the building. His charred remains were discovered after the fire. He was sentenced at the last Superior Court and had appealed for a new trial.

Tarboro Southerner: We understand that there was about 2,200 feet of track laid on the Seaboard and Raleigh Railroad one day this week, under the supervision of Mr. Burrows, principal assistant engineer, and his assistant, Mr. Maloney, with twenty-six men, the crossties and all material being distributed from one end. This is said to be the best day's work that has been done in track laying on the line.

The Greensboro Patriot says: "The latest railroad racket is that trains will run through from Goldsboro to Winston in about two weeks. Capt. Flournoy, the conductor on the Salem branch, is to be transferred to Burkville to run between that place and Richmond. The change will do away with an entire set of hands, as the same men who now make the run between here and Goldsboro will continue through to Salem.

Wilmington Star: The comet excitement Friday night was intense in some portions of the city, and singing and praying could be heard all night long. Yesterday the sun rose as usual, started on its journey without a sign of trepidation, and all along the lines was calm and serene. If his rival ever intended to switch us tail in his face, or behave in anywise unseemly, it found it couldn't come it, and retired in good order from the field.

POLITICAL NOTES.

If the Democrats of this State are vanquished in the coming election it will be through their own fault, and they will deserve to be beaten.—*Louisburg Times.*

We are glad to learn that Mr Duncan Cameron, one of our candidates for the State Senate, is making a fine impression wherever he goes. The ticket will be elected by a handsome majority.—*Durham Tobacco Plant.*

Which party is best fitted to govern North Carolina—the party that is composed of the intelligent white people, or the party the great bulk of whose members are lately emancipated slaves? Let every voter seriously consider this question.—*Chatham Record.*

If perchance the Republicans should carry the Legislature wouldn't they have a time of it. Do you remember the free bar they had up in one of the rooms in the capitol building? How the money went! For contingencies they spent in two years the sum of $134,391 43. The ice bill one session was $608.30. They were lordly fellows, weren't they? They took their champagne on ice! Do you want any such scenes again at the capital? If not, vote the Democratic ticket.—*Raleigh News and Observer.*

D. HARTER'S IRON TONIC.
A combination of Protoxide of Iron, Peruvian Bark and Phosphorus in a palatable form. The only preparation of iron that will not blacken the teeth, nor characteristic of other iron preparations.
GENTLEMEN: I have used Dr. HARTER'S IRON TONIC in my practice, and in an experience of twenty-five years in medicine have never found anything to give the results that Dr. HARTER'S IRON TONIC does. In many cases of Nervous Prostration, Female Diseases, Dyspepsia, and an impoverished condition of the blood, this peerless remedy has in my hands made some wonderful cures. Cases that have baffled some of our most eminent physicians, have yielded to this great and incomparable remedy. I prescribe it in preference to any Iron preparation made. In fact, such a compound as Dr. HARTER'S IRON TONIC is invaluable in my practice. DR. ROBERT SAMUELS.
